

# 6<sup>th</sup> International Congress on Environmental Medicine

Sexto Congreso Internacional de Medicina Ambiental

Madrid, 1 - 3 June 2012

A large image of two hands cupping a globe. The hands are painted with a blue and green pattern that matches the globe's colors. The globe is centered in the palms of the hands.

**A necessary change**

# 6<sup>th</sup> International Congress on Environmental Medicine

Sexto Congreso Internacional de Medicina Ambiental

Madrid, 1 - 3 June 2012

The **Alborada Foundation** and the **Vivo Sano Foundation** would like to invite you to participate and contribute as a sponsor to the **6th International Congress on Environmental Medicine** that will take place in Madrid from 1-3 Jun 2012 with the slogan '**A necessary change**'. This 6th Congress follows up on the work of the five previous congresses and links to similar events taking Place in other countries.

Since 2007, the International Congress on Environmental Medicine has been a leading event on the field of environmental and public health in Spain and in Europe, attracting a large number of participants from all over the World. It provides sponsors with a high-profile opportunity to publicize and promote their business to a highly targeted audience of healthcare professionals, academics, legislators, politicians and educators.

We expect more than 150 attendants this year.

Moreover, sponsoring the Congress is an excellent way of contributing to the promotion and expansion of environmental medicine in Spain and in Europe.

We invite you to look at this brochure on sponsorship options and benefits. Please feel free to contact us for any queries or suggestions that you may have.

# 6<sup>th</sup> International Congress on Environmental Medicine

Sexto Congreso Internacional de Medicina Ambiental

Madrid, 1 - 3 June 2012

## ABOUT THE CONGRESS

**Dates:** June 1st 2012 – June 3rd 2012.

**Venue:** Cosmocaixa Madrid (Alcobendas)

**Target participants:**

- Healthcare professionals: doctors, nurses and other professionals.
- Legislators, politicians and educators.

**Accreditation:** Agencia Laín Entralgo.

**Website:**

- Spanish: <http://bit.ly/medicinaambiental>
- English: <http://bit.ly/environmentalmedicine>

**Organising Committee:**

- Fundación Alborada
- Fundación Vivo Sano

**Scientific Committee:**

- **Dr. William Rea:** Cardiovascular surgeon and specialist in environmental medicine. Over 30 years of clinical experience in Environmental Medicine, directing the Environmental Health Center of Dallas, Texas. Author of 'Chemical Sensitivity'.
- **Dr. Peter Ohnsorge:** Medical Director of the European Academy of Environmental Medicine. Expert on Multiple Chemical Sensitivity, diagnosis and treatment.
- **Dr. Martin Pall:** Professor of Biochemistry and Basic Medicine at the University of Washington. Author of 'Explaining the unexplained illnesses: multiple chemical sensitivity, fibromyalgia, chronic fatigue, posttraumatic syndrome...'
- **Dr. Jean Monro:** Medical Director of Breakspear Medical Group Ltd. Expert in diagnosis and treatment of chemical sensitivity.
- **Dr. Pilar Muñoz-Calero:** Bachelor in Medicine, pediatrician, neonatologist, stomatologist, addiction specialist, President of Alborada Foundation, has been the

# 6<sup>th</sup> International Congress on Environmental Medicine

Sexto Congreso Internacional de Medicina Ambiental

Madrid, 1 - 3 June 2012

director for eighty years of Olivar Clinic for addiction disease. President of the Alborada Foundation.

- **Dr. José F. Tinao:** Medical Director of CMI-Clínica Medicina Integrativa. VP of Vivo Sano Foundation. Professor. Specialist in Biological Medicine. He has worked in the field of internal medicine and public health and has been a science editor for years.
- **Dr. Eduard Rodríguez Farré:** Bachelor in medicine, specialized in Toxicology, Pharmacology, Radiobiology and Neurobiology. Member of the Scientific Committee of the EU to new health risks. Professor at the Institute for Biomedical Research, Hospital Clinic Barcelona.
- **Dr. William Meggs:** Board-certified internal medicine and medicine physician, allergist and immunologist, and medical toxicologist with “interests in envenomations, antidotes, and environmental toxicology. Dr. Meggs currently is practicing in Greenville, NC, where he is a professor of Emergency Medicine and Director of the Division of Toxicology at the Brody School of Medicine at East Carolina University.
- **Dr. Josepa Rigau:** Bachelor of Medicine from the University of Barcelona, Cum laudem PhD from the University Rovira i Virgili, Tarragona. Master in Biological and Anti-Aging Medicine, University of Alcalá de Henares in 2005-2007.
- **Dr. Elisa Sánchez-Cásas:** Bachelor of Medicine. Gynecologist, Head of section of the Assisted Reproduction Unit, University Hospital Príncipe de Asturias in Alcalá de Henares (Madrid).
- **Dr. Diego Jacques Grauwet:** Doctor of Medicine from the University of Leuven. Specialist in Gynecology and Obstetrics. Formed in homeopathy, prenatal homeopathy, micro-immunotherapy (micro-immunology) and nutrition. He has been professor of Obstetrics at the Institute of Nursing, Catholic University of Leuven. Professor of homeopathy, nutrition and micro-immunotherapy.
- **Mr. Fernando Pérez:** VP of Fundación para la salud geoambiental. President of Geosanix. Consultant of bioconstruction and geo-environmental health. Expert in geobiology and pollution by electromagnetic fields. President of the GEA Geobiological Studies Association from 2008 to 2011.

# 6<sup>th</sup> International Congress on Environmental Medicine

Sexto Congreso Internacional de Medicina Ambiental

Madrid, 1 - 3 June 2012

## TOPICS

### New technologies and health

- Risks and benefits
- New technologies to improve health
- Toxic chemicals
- Physical toxicants
- Nanotechnologies
- Genetically modified food
- Genetic engineering

### Environmental medicine and Integrative medicine

- Diagnostic and treatment in environmental medicine and integrative medicine
- Environmental diseases: cancer, neurodegenerative diseases, behavioral disorders, infertility, emerging diseases (Multiple chemical sensitivity, fibromyalgia, chronic fatigue syndrome)
- Environmental medicine in Primarycare
- Nursing role in environmental medicine
- Chronobiology and environmental medicine
- Odontology and environmental medicine

### Initiatives in public health

- Health policies
- Application of the Precautionary Principle
- Social responsibility
- Health Education and Community Involvement
- Safety in the school

# 6<sup>th</sup> International Congress on Environmental Medicine

Sexto Congreso Internacional de Medicina Ambiental

## PROGRAM

### SCIENTIFIC PROGRAM

VIERNES 1 DE JUNIO – FRIDAY 1 JUNE	
09:00 – 10:00	Inauguración. Algunos conceptos básicos de la Medicina Ambiental Opening. Some basic concepts about environmental medicine Dra. Pilar Muñoz Calero
10:00 – 10:30	Conclusiones del Congreso de Riesgos para la Salud Pública y Medio Ambiente Conclusions of the Congress on Risks for Public Health & the Environment Dolores Romano
10:30 – 11:00	Tratamiento de la sensibilidades ambientales Treatment of environmental sensitivities Dr. William Rea
11:00 – 11:30	Descanso
11:30 – 12:00	La generación más afectada de la historia: Causas, diagnósticos clínicos y de laboratorio y tratamientos The most affected generation in history: causes, clinical diagnostics and laboratory and treatment Dr. Javier Hernandez Covarrubias – Laboratorios Great Plains
12:00 – 12:30	Testing sensibilidad quimioterapia Chemosensitive testing Dra. Jean Monro
12:30 – 13:00	Acción de los tóxicos en el inicio de la enfermedad ambiental: una excesiva actividad NMDA provoca elevadas respuestas inflamatorias Toxicant Action in Initiation of Environmental Disease: Excessive NMDA Activity Leading to Elevated Inflammatory Responses Dr. Martin L. Pall
13:00 – 13:30	El cerebro como órgano diana para sensibilidades químicas y alérgicas. The Brain as a Target Organ for Chemical and Allergic Sensitivities Dr. William Meggs
13:30 – 14:00	Medioambiente y salud infantil Children, health and the environment Soledad Román, Dra. Esteve
14:00 – 15:30	Comida
15:30 – 16:00	Salud geoambiental, campos y radiaciones. Radiaciones naturales Geo-environmental health, radiations and fields. Natural radiations Fernando Pérez
16:00 – 16:30	Salud Geoambiental, campos y radiaciones. La electro contaminación como factor de riesgo Geo-environmental health, radiations and fields. The electro pollution as risk factor.

# 6<sup>th</sup> International Congress on Environmental Medicine

Sexto Congreso Internacional de Medicina Ambiental

Madrid, 1 - 3 June 2012

	Jose Miguel Rodríguez
16:30 – 17:00	Salud geoambiental, campos y radiaciones. Gas radón Geo-environmental health, radiations and fields. Radon gas M <sup>a</sup> José Vizcaíno
17:00 – 17:30	Descanso
17:30 – 18:00	Wifi en la escuela: un problema de salud pública Wifi in the school: a public health problem Irina Rodríguez de la Flor
18:00 – 19:00	Mesa redonda: Contaminación electromagnética Roundtable: electromagnetic pollution

## SÁBADO 2 DE JUNIO – SATURDAY 2 JUNE

09:00 – 09:30	Prevención y promoción de la salud en medicina ambiental Prevention and health promotion in environmental medicine José Hernández
09:30 – 10:00	Efectos de pesticidas en el sistema cardiovascular Effects of pesticides on the cardiovascular system Dr. William Rea
10:00 – 10:30	Papel de lo psíquico en el síndrome de sensibilización química múltiple The role of the psychic in the MCS Dra. Alejandra Menassa
10:30 – 11:00	Aportación terapéutica de la Micro-Inmunoterapia en las enfermedades por tóxicos ambientales Therapeutic contribution of Micro-Immunotherapy in diseases due to environmental toxicants Dra. Josepa Rigau – Asociación Española de Micro inmunoterapia
11:00 – 11:30	Descanso
11:30 – 12:00	Acciones de enfermería en medicina integrativa Nursing interventions in integrative medicine Maria Faulín
12:00 – 12:30	Cáncer, medicina integrativa, medicina ambiental Cancer, integrative medicine, environmental medicine Dra. Rosy Daniel
12:30 – 13:00	Medicina integrativa: un nuevo enfoque en medicina ambiental Integrative medicine: a new approach in environmental medicine Dr. Sergio Abanades
13:00 – 14:00	Mesa redonda: medicina integrativa Roundtable: Integrative medicine
14:00 – 15:30	Comida
15:30 – 16:00	Contaminación química en el ambiente clínico: amalgamas dentales, polución interior especialmente por moho y formaldehído Basics to react to clinical environmental medical burden: dental amalgam, indoor

# 6<sup>th</sup> International Congress on Environmental Medicine

Sexto Congreso Internacional de Medicina Ambiental

Madrid, 1 - 3 June 2012

	pollution especially by moulds and formaldehyde. Dr. Peter Ohnsorge
16:00 – 16:30	Influencia de contaminantes ambientales sobre las funciones del SNC Influence of environmental pollutants on central nervous system functions Dr. Rodríguez Farré
16:30 – 17:00	¿Juegan un papel la naltrexona y otros moduladores de la inflamación en el Sistema Nervioso Central en la enfermedad ambiental? Is there a role for Naltrexone and other modulators of Central Nervous System Inflammation in Environmental Illness? Dr. William Meggs
17:00 – 17:30	Descanso
17:30 – 18:00	El Polimorfismos genético determina la capacidad y la susceptibilidad individual a diferentes factores ambientales. The genetic polymorphism determines the ability and individual susceptibility to different environmental factors Dra. Josepa Rigau
18:00 – 18:30	¿Qué puede hacer la medicina Ortomolecular en los casos de SQM? What can Orthomolecular Medicine do in MCS? Dr. Marco Chover

DOMINGO 3 JUNIO – SUNDAY 3 JUNE	
09:00 – 09:30	Los tóxicos y la fertilidad Toxics and fertility Dr. Diego Jacques Grawet
09:30 – 10:00	Nuevos métodos neurofisiológicos para evaluar actividad en sistema nervioso autónomo en tiempo real Novel neurophysiological methods for assessing central autonomic activity in real-time Dr. Peter Julu
10:00 – 10:30	Autismo: ¿son nuestros hijos los primeros en sufrir los efectos de las negligencias ambientales? Autism: are our children the first to suffer the effects of Environmental neglect? Dr. Daniel Goyal
10:30 – 11:00	Los principales y novedosos biomarcadores en enfermedades ambientales y su uso en terapia Main and newest Metabolic Biomarkers in environmental disease and use in therapy Dr. Vogelaar
11:00 – 11:30	Descanso
11:30 – 12:00	Terapias de soporte para el Sistema nervioso en referencia a la enfermedad de Lyme. Supportive therapies for the Nervous System with regard to Lyme. Dra. Jean Monro
12:00 – 12:30	La vía intravenosa, opción preferente para la aportación de nutrientes en la Sensibilidad Química múltiple moderada y severa Intravenous line as preferent option for the provision of nutrients in MCS moderate

# 6<sup>th</sup> International Congress on Environmental Medicine

Sexto Congreso Internacional de Medicina Ambiental

Madrid, 1 - 3 June 2012

## WORKSHOPS

There will also be free workshops for the general public, related to various issues within environmental medicine.

<b>VIERNES 1 DE JUNIO – FRIDAY 1 JUNE</b>	
11:00 – 12:00	Laboratorio Health Diagnostics: Laboratorio Europeo de Nutrientes European Laboratory of Nutrients Dr. Vogelaar
15:30 – 17:00	Taller de Fibromialgia Fibromyalgia workshop Dr. William Rea
17:00 – 18:30	Taller de Fundación Alborada Alborada Foundation workshop
<b>SÁBADO 2 DE JUNIO – SATURDAY 2 JUNE</b>	
09:30 – 11:00	Taller de Enfermería Ambiental Environmental nursing workshop Dra. Muñoz-Calero, Fundación Alborada
11:00 – 12:00	Laboratorio Labo'Life: líder en medicamentos de Micro-Inmunoterapia The World's Leader in Micro-Immunotherapy Products
12:00 – 13:30	Impacto psicológico en patologías ambientales: enfoque práctico Psychological impact on environmental pathologies: practical approach Adela Garrote – Colegio Oficial de Enfermería de Madrid
15:30 – 16:30	Estudios de laboratorio para el diagnóstico de enfermedades pediátricas epidémicas del siglo XXI: Déficit de atención, hiperactividad, cambios de humor, dermatitis, asma, alergias, reflujo gastro-esofágico, colitis, etcétera Laboratory studies for the diagnosis of epidemic pediatric diseases of the XXI century: attention deficit, hyperactivity, mood swings, dermatitis, asthma, allergies, gastro-esophageal reflux, colitis, etc. Dr. Javier Hernandez Covarrubias – Laboratorios Great Plains
16:30 – 18:00	Taller odontología Odontology Workshop Dr. Peter Ohnsorge
<b>DOMINGO 3 JUNIO – SUNDAY 3 JUNE</b>	
10:00 – 11:00	Taller de Fertilidad. Casos prácticos, tratamiento con homeopatía, shiatsu, yoga y acupuntura con luz. Las patologías más corrientes, causas y posibles tratamientos: ovarios poliquísticos, baja respuesta ovárica, baja movilidad espermias, etc. Respondemos preguntas. Fertility workshop. Case studies, homeopathy, shiatsu, yoga and acupuncture with light treatments. most common pathologies, causes and possible treatments: polycystic ovaries, low ovarian response, low sperm mobility. Questions.

# 6<sup>th</sup> International Congress on Environmental Medicine

Sexto Congreso Internacional de Medicina Ambiental

Madrid, 1 - 3 June 2012

	Dr. Diego Jacques Grawet y Claire Suanzes Rey
11:30 – 12:30	Electro contaminación: fuentes habituales en el hogar Electropollution: sources in home Jose Miguel Rodríguez
12:30-14:00	HealthCreation La Dra. Daniel explicará el modelo proactivo de creación de salud y sus aplicaciones. Los participantes tendrán la oportunidad de completar por sí mismos un proceso de autoevaluación de salud. Este taller es ideal para personas con interés en los programas de salud preventiva, para sí mismos o para apoyar a sus pacientes. Dr Rosy Daniel will explain the Health Creation proactive health model and its applications. Participants will be given the opportunity for themselves to complete the Picture of Health self-assessment process which starts the coaching journey. This workshop is suitable for those with an interest in preventive healthcare programmes for themselves or to support patients, the general public or employees in achieving happier, healthier and more fulfilling lives. Dra. Rosy Daniel
